	CLIPFIX			CLIPFIX <small>single</small>
Anwendungsbereich Area of use	Rückenlehnen Back rests	Sitzflächen Seatings	Form-/Schnittschaum Moulded/cut foam	Formschaum Moulded foam
Nr. No.	4370-032, 4370-033, 4370-034	4370-032, 4370-033, 4370-034	4370-032, 4370-033, 4370-034, 4370-031 + 0956-140, 4370-036 + 0956-140	4370-031, 4370-036
Beispiel Example				
Befestigung Attachment	<ul style="list-style-type: none"> <li>• zum Antackern auf Holz- und Metallrahmen geeignet</li> <li>• suitable for stapling on wooden and metal frames</li> </ul>	<ul style="list-style-type: none"> <li>• zum Nähen auf Vlies</li> <li>• for sewing on non-woven</li> </ul>	<ul style="list-style-type: none"> <li>• zum Einschäumen oder Kleben in Schnittschaum</li> <li>• for foaming or glueing between foam layers</li> </ul>	<ul style="list-style-type: none"> <li>• zum Einschäumen</li> <li>• for foaming</li> </ul>
Anwendung Application	<ul style="list-style-type: none"> <li>• für lineare Abheftungen</li> <li>• ersetzt Abheftbänder und -schlaufen</li> <li>• for straight tuftings</li> <li>• substitutes tufting tapes and loops</li> </ul>	<ul style="list-style-type: none"> <li>• für lineare Abheftungen</li> <li>• optische Trennung von Sitzflächen</li> <li>• for straight tuftings</li> <li>• optical separation of seating units</li> </ul>	<ul style="list-style-type: none"> <li>• für lineare Abheftungen</li> <li>• kann schon bei der Konfektion der Sitzpolster eingearbeitet werden</li> <li>• for straight tuftings</li> <li>• can be incorporated into the seat cushion during manufacture</li> </ul>	<ul style="list-style-type: none"> <li>• für verschiedene Clip-abstände</li> <li>• für Bogenabheftungen mit Radien bis unter 20 mm</li> <li>• for different clip distances</li> <li>• for arc tuftings with radii down to 20 mm</li> </ul>
TieDown Nr. TieDown no.	3694, 3604 3694, 3604	3694, 3604 3694, 3604	3604 3604	

### Avantajları / Advantages

- **Zamandan tasarruf sağlar.**  
Saves time.
- **Dokumasız şerit kullanılarak kumaş veya deri tasarrufu sağlar**  
Saves fabric or leather by using non-woven.
- **Hassas, doğrusal ve hatta derin işleme ve görünüm sağlar**  
Provides precise, straight, linear and deep-in-line processing and appearance.
- **'Klik' sesi geldiğinde doğru montaj olduğunu işaret eder.**  
When the 'click' sound comes, it indicates that is the correct assembly.
