MOBİLYA TEKNOLOJİSİ/ FURNITURE TECHNOLOGY

Fikirlere yer açıyoruz, müşterilerimize ilham veriyoruz. Mobilya üreticilerinin fikirlerinin çoğu, sadece küçük destek ürünler ile uygulamaya konulabilir. Çok çeşitli mobilyaya yönelik bağlantı çözümleri ve tasarım parçaları geliştiriyor ve üretiyoruz. Bileşenlerimiz, üretim esnasında müşterilerimizin süreç güvenliğini artırır, konturlar verir ve yeni yapılar sağlar. Bu yaratıcılık, dünya çapındaki toptancı ve danışman ağımızın yanı sıra, tüm büyük mobilya üreticilerinin OKE'ye güvenmelerinin en önemli nedenidir.

Mobilya sektöründe 100'den fazla uygulama örneğiyle yeni fikirler için ORIGINALS BY OKE uygulama kataloğumuzdan ilham alabilirsiniz.

We make room for ideas, inspire our customers. Many of the furniture manufacturers ideas can only be put into practice with our little helpers. We develop and produce attaching solutions and design parts for the most diverse furnitures. Our components enhance process security in the production of our customers, give contours and enable new constructions. This creativity as well as our worldwide network of wholesalers and consultants are the reason why all major furniture manufacturers trust in OKE.

Be inspired with our application catalogue ORIGINALS BY OKE for new ideas with far more than 100 examples of applications for the furniture industry.
