FURNITURE TECHNOLOGY/ MÖBELTECHNIK

We like giving ideas space to inspire our customers. Many furniture manufacturers' ideas would not be possible without our products: we develop and produce fastening solutions and design elements for a very wide variety of furniture. Our components improve manufacturing process security, create specific contours and enable new designs.

Our creativity and our global distribution and advice network are the reason all the famous furniture manufacturers trust OKE.

Wir möchten Ideen Raum geben, unsere Kunden inspirieren. Denn viele Ideen der Möbelhersteller sind ohne unsere Produkte kaum zu realisieren: Wir entwickeln und produzieren Befestigungslösungen und Design-Elemente für die unterschiedlichsten Möbel. Unsere Bauteile steigern die Prozesssicherheit in der Fertigung, verleihen bestimmte Konturen und ermöglichen neue Konstruktionen.

Diese Kreativität sowie unser weltweites Händler- und Beraternetzwerk sind der Grund, weshalb alle namhaften Möbelhersteller OKE vertrauen.
